16.Admin enters his credentials...

17.Admin is redirected to Admin Page!

The screenshot shows a web browser window with the URL `localhost:4200/adminpage`. The page title is "KITCHEN STORY". Below the title, there is a link "Login to Explore the Kitchen..." and a navigation bar with links: [User Login](#), [Admin Login](#), and [New to kitchen? Register](#). The main content area is titled "Admin Page" and displays a welcome message: "Hello A Poornima, Welcome to Admin Page...". Below this, there is a section titled "List of Food Items" which contains a table with columns: Food ID, Name, Price, and Operations. The table lists 10 food items with their respective IDs, names, prices, and links for select, add, delete, and edit actions. At the bottom of the table, it says "Count of Food Items: 10". Below the table, there are three input fields for "Food ID", "Name", and "Price", each with a corresponding value (1005, Parotha, 25).

Food ID	Name	Price	Operations
1001	Idly	20	select add delete edit
1002	Dosa	40	select add delete edit
1003	Poori	30	select add delete edit
1004	Roti	25	select add delete edit
1005	Parotha	25	select add delete edit
1006	Veg Biryani	60	select add delete edit
1007	Fried Rice	65	select add delete edit
1008	Noodles	50	select add delete edit
1009	Momos	40	select add delete edit
1010	Curd Rice	25	select add delete edit

Count of Food Items: 10
